

The OAKER Experience

This form must be completed by a designated member of the OAKBERRY Ireland Senior Leadership Team.
At the end of each section, it will be is uploaded photos where relevant. These should be used to support post-check coaching and follow-up with the team.
Each inspection must be followed by a written report outlining:

- Required improvements
- Clear actions to address those improvements
- What will be checked during the follow-up review

A final score will be shared together with the report and classified under one of the following categories:

- OAKER Expert (+90%)
- Classic OAKER (90% - 75%)
- Critical OAKER / Rising OAKER (-75%)

Any store scoring Critical OAKER / Rising OAKER will be followed by an informal meeting to better understand the current situation and underlying challenges.
For all other scores, follow-up and improvements will be managed through the standard operational process.

CAPEX Note:

A CAPEX-related issue must be marked as "No" where applicable. These issues are not typically the fault of the store team and require company-level investment to resolve.
